13 KW DOUBLE SIDED

A NEW GENERATION IN HEATING

13 KW DOUBLE SIDED CONVECTION BOX C/W REAR GLASS & WOOD STORAGE BOX

13 KW DOUBLE SIDED CONVECTION BOX C/W BLACK BORDER GLASS

PULL OUT TABLE

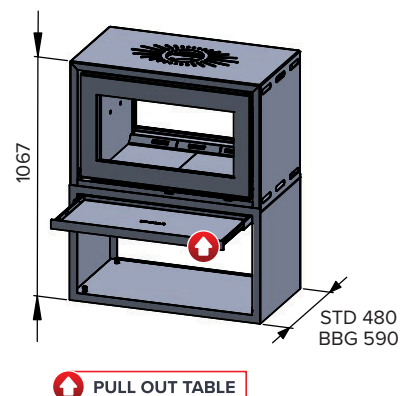

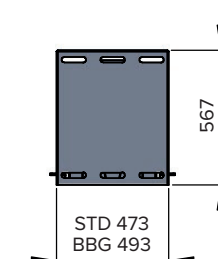

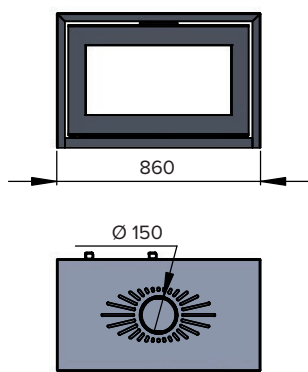

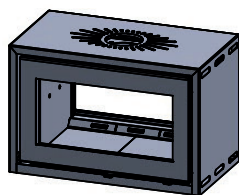

On our Double-Sided Convection Box with Wood Storage, a convenient pull-out table makes lighting and maintaining your fire easier. Slide it out to hold kindling, wood, and matches, while catching any ash or debris. When you're done, it slides neatly back into place, keeping everything tidy until cleaning.

Using the best attributes of our existing Wood Stove range, we have created our finest Double Sided Wood Stove yet. Our 13 Kw Double Sided units offer a host of exceptional features that set them apart from anything else available in South Africa.

HEATING CAPACITY

13 Kw ► 520 m³

PULL OUT TABLE

13 KW | FREESTANDING | CONVECTION | 1 TOUCH AIR CONTROL | AIR INLET RESTRICTOR | 150 MM DIAMETER FLUE | TOP EXIT ONLY
